

Competitive and attractiveness multimodal offer

HAROPA PORT offers competitive and attractiveness multimodal solutions from Le Havre and Rouen to the heart of Paris and the Seine upstream, as well as throughout France.

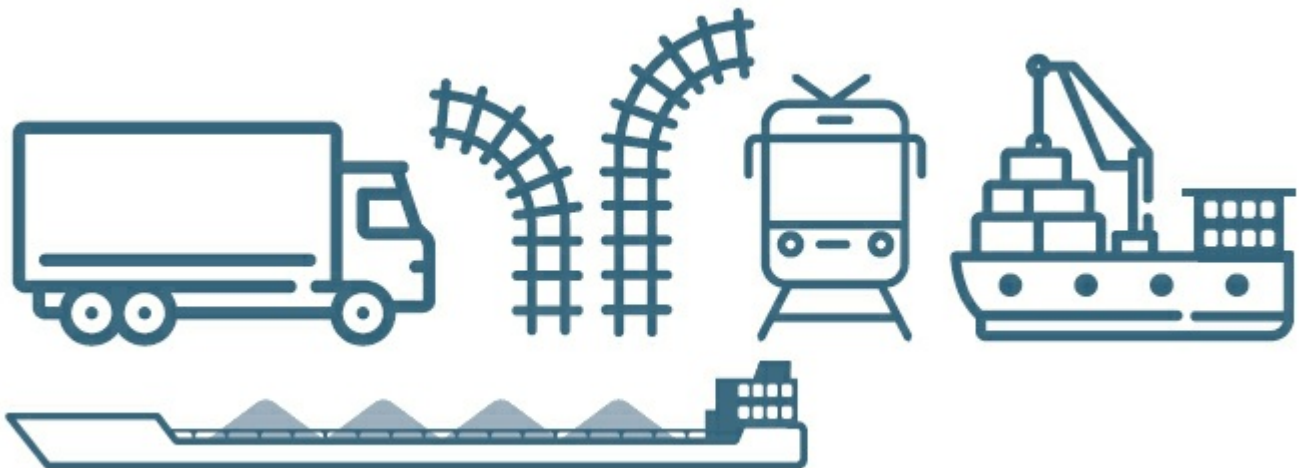

Published on 13 April 2022

HAROPA PORT benefits from an exceptional geographical situation :

HAROPA PORT is the 1st French port bringing together the ports of Le Havre, Rouen and Paris, at the heart of a European corridor.

Competitive multimodal connections for a global, fluid, fast supply chain connected to Europe's industrial markets:

HAROPA PORT provides you with **4 multimodal hubs** and collection points for the massification and distribution of your goods for import and export, in containers and swap bodies.

Capacity for reception, storage and massification of flows:

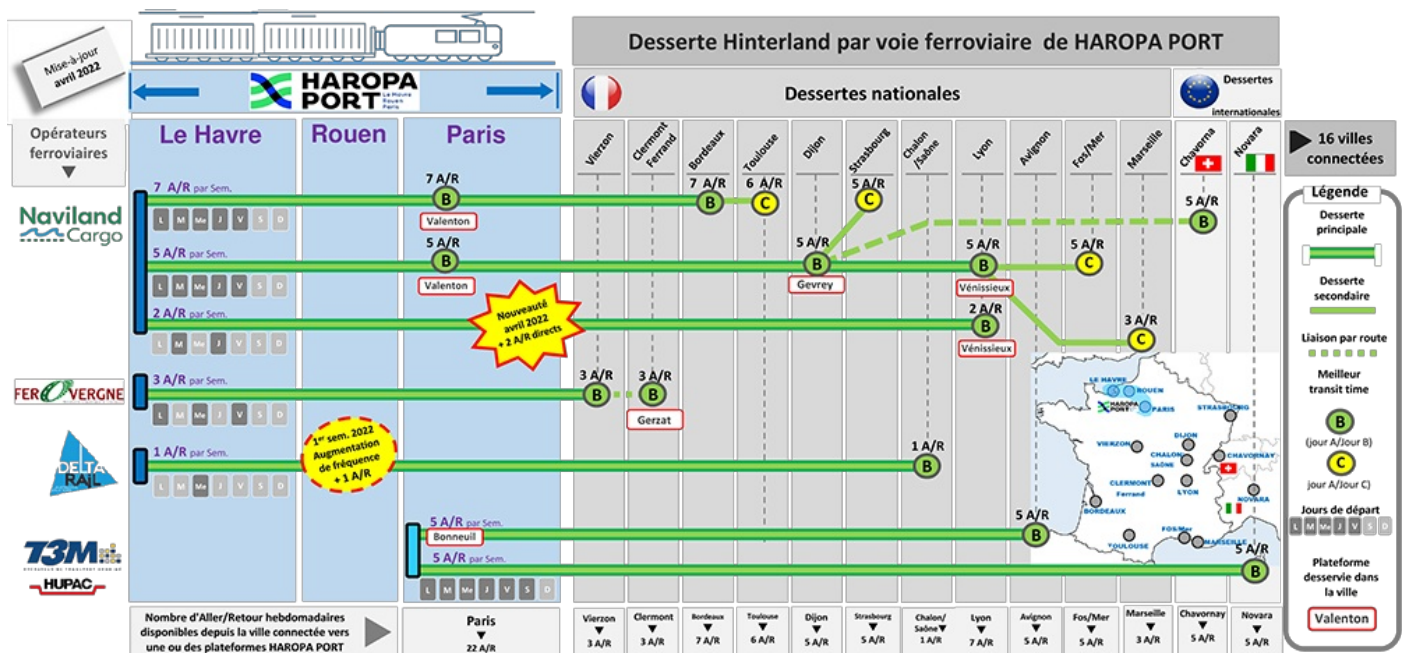

- › 57 maritime and inland waterway terminals accessible 7 days a week, 24 hours a day;
- › Secure multimodal terminals;
- › Value-added services: storage of empties, hazardous materials, washing, repairs, weighing...;
- › Large parking franchises;
- › Land availability.

Customs and SOGET:

Two partners and facilitators for the passage of goods thanks to simplified, fast procedures 100% dematerialized.

More than 70 weekly connections to about 16 rail terminals

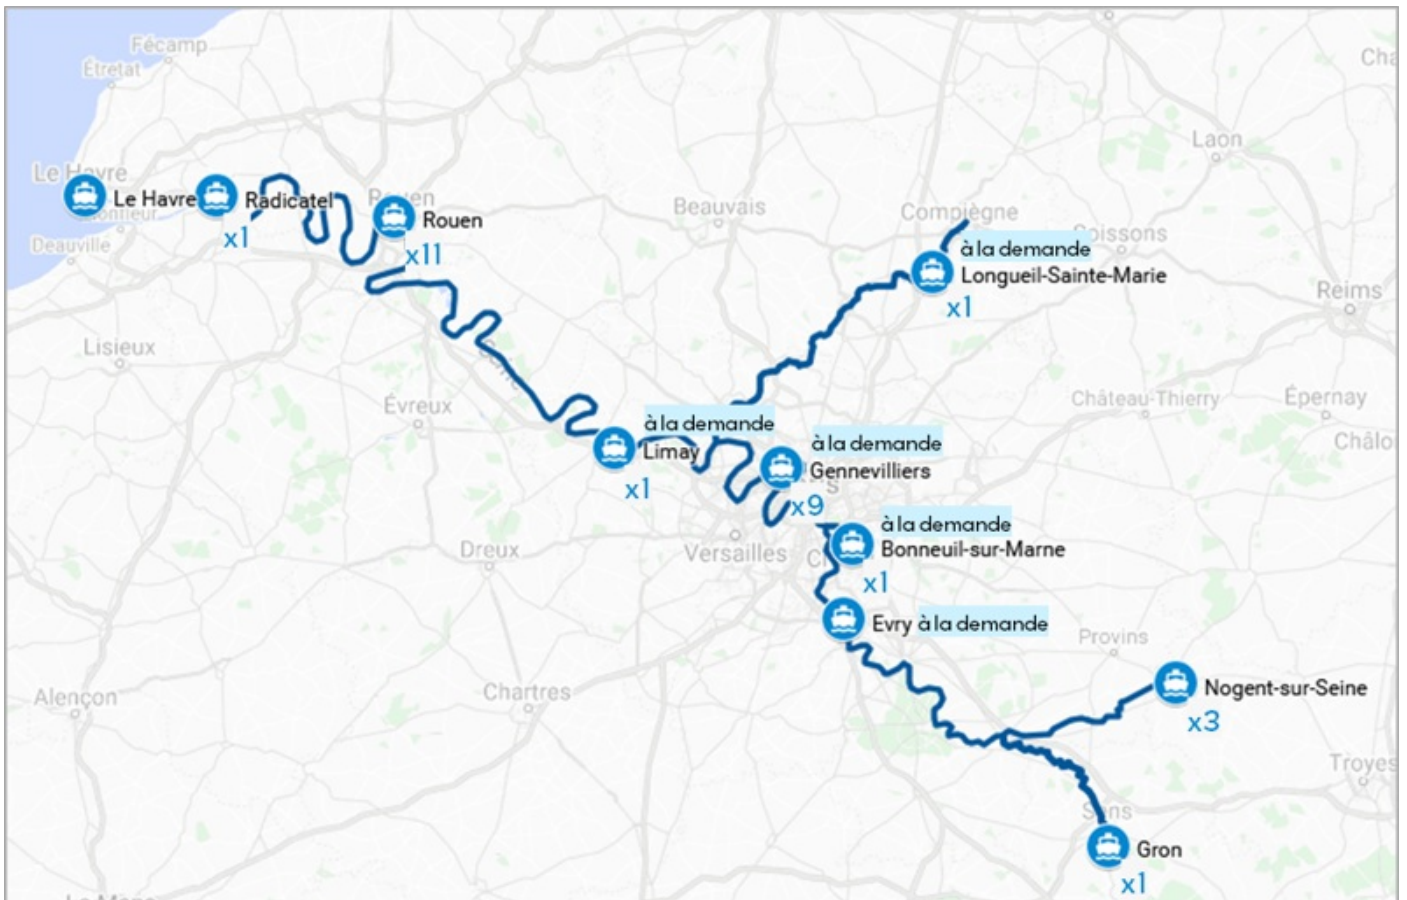

4 operators provide these rail links: Ferovergne, Naviland cargo, T3M, F.F.A. Marfret and Delta Rail.
